REFERENCE

Available upon Request.

PROFILE

Full-stack developer with a lifelong interest in technology, first sparked by topping my Digital Technology class in high school. After gaining valuable experience in customer-facing roles—from bartending and park operations to charity fundraising—I've returned to my passion for tech through Dev Academy's intensive full-stack development programme. These roles sharpened my communication, adaptability, and problem-solving skills, which I now apply to building responsive, user-friendly applications. Proficient in JavaScript, React, HTML/CSS, and database tools like Knex. Eager to keep learning and contribute to meaningful, impactful projects.

WORK EXPERIENCE

Bartender JAN 2024 - JUN 2024
Bar101 LTD NOV 2024 - PRESENT

- Quickly assessed customer needs in high-pressure environments to deliver efficient service and maintain flow.
- Memorised and executed a wide variety of drink orders, demonstrating attention to detail and multitasking skills.
- Maintained composure and professionalism during high-stress or conflict situations, supporting a safe and welcoming venue.

Telefundraiser JUN 2024 - OCT 2024
Greenpeace Australia Pacific

- Engaged with a wide range of individuals over the phone to promote causes and secure donations.
- Handled rejection professionally while maintaining motivation and enthusiasm
- Met or exceeded daily fundraising targets, contributing to overall campaign success.

Rainbows End JUN 2020 - MAY 2024
Park Cleaner & Ride Operator

- Ensured the cleanliness and hygiene of designated areas within the theme park.
- Followed established safety protocols and guidelines to maintain a secure environment for both guests and staff.

Building Apprenticeship NOV 2022 - APR 2023
ASF Builders Ltd

- Adhered to safety protocols and guidelines, promoting a secure work environment for myself and fellow team members.
- Demonstrated problem-solving skills by addressing on-site challenges promptly and efficiently.
